Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give away his paper free any more than a merchant can toss over his counter free gifts of dry goods. It is a legitimate business concern. Its value is to be measured in trade. An advertisement should pay for no matter in what part of the paper they may be placed.

The Continued Call

Upon THE LEDGER for free notices have become so burdensome that we are compelled to publish the following terms:

For Notices of Sales,

excursions, fairs, or other public entertainments, the charge is 25¢, and for obituary notices, resolutions of respect, etc., THE LEDGER will charge 15¢. The charge for notices of trials, etc., will be the inevitable rule. This, however,

Does Not Include

the publication of Lodge meetings or Church services, which must not exceed ten lines.

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for *Business Leads* in THE LEDGER is 10 cents a line for the first insertion, and 5 cents for each subsequent insertion. A customer orders a "Bill of Lading" and asks for a "Bill of Lading" to take it out. He says to the bookkeeper, "But he forgot to give me a bill of lading." After two months—32 times—the bill is still outstanding. The bookkeeper gets a "kick" and a controversy followed probably by a loss of 10¢ reading. Now, to avoid such trouble, if you send notices will be accepted hereafter, let him know at the time of insertion the amount of payment at the outset and the termination will be pleased all around.

ALL master for publication must be handed in before 9 o'clock in the morning of each day.

If you have friends visiting you, or if you are going away on a visit, please drop us a note to let us know.

KENTUCKY REPUBLICAN PLATFORM.

We are opposed to the free and unlimited coinage of silver, believing that it would involve the country in financial ruin. We believe in a sound currency, and that the best way to secure it is to provide that a dollar in one or more metals be precisely as valuable as a dollar in the other.

We favor a Tariff as is regulation as to protect the interests of all classes of our citizens upon articles that may be successfully manufactured or produced in this country, thus insuring good wages to the laborer and a home market to the producer. We oppose the re-establishment of the doctrine of reciprocity. We believe that such a system will destroy every Government expense, gradually liquidate all indebtedness, restore public confidence and restore the credit of the country, and bring prosperity concerning the currency. In view of the past financial history of the Democratic party, its devotion to the old state bank system, and its cold tendencies to the South, the Republicans will continue to offer the Republi-

can more safely trust to regulate the financial system of the Nation.

We favor an American policy which will protect labor and American interest in any part of the world at all hazard, and sympathize with struggling Republics rather than ignorant monarchies.

Uncle Sam's Shortage.

The deficit in the National Treasury for the first thirteen days of the present fiscal year is \$13,569,490.10.

Manufacturers have long known that they must contend with fraudulent undervaluations under an ad valorem

Tariff system, but the growth of the

Ad Valorem Undervaluations past few months has been outrageous.

Here are few of a

multitude of instances.

Several lots of all wool Henrietta dress

cloth were received at the New York

Custom-house recently at prices quoted

at less than 40 cents a yard. In almost

all instances the appraisers raised the

price and added the cases in which the

goods were consigned.

Upon several lots of men's fast black

flock gloves the importer had placed a

price of 1.32 marks per dozen. A mark

is about 24 cents, so it will be seen that

these fine flock gloves were entered at the

astonishing price of about 32 cents a

dozen pairs. What is more surprising

is that the goods passed through at that

price with the exception of the addition

of the value of the boxes.

Fourteen lots of razors were imported

and prices quoted by the importer on

some of them were as low as 16 cents

each and some of them higher than 30

cents each.

BROWNS IRON BITTERS

Stop a Moment

Don't you know it's apt to get so wrapped up in business that he neglects his health?

Get profit and loss and business out of your mind, and ask yourself how you feel.

Can you eat a meal with a boyish relish? Have your nerves got the strain? Is your complexion as good as you'd like it to be?

Brown's Iron Bitters

Will set your health right. It will cleanse and enrich the blood—greatly stimulate the action of the kidneys, the liver and the digestive organs. That's what it's made for, and thousands of men have told us over and over again that it has not been made in vain.

Brown's Iron Bitters is pleasant to take. It will not stain the teeth nor cause constipation. See the crossed red lines on the bottle.

BROWN CHEMICAL CO., BALTIMORE, MD.

BROWNS IRON BITTERS

How many articles are admitted day by day at such unfair prices, thereby coming into competition with American goods upon unjust terms, is of course unknown. Not only is the Government Treasury thereby defrauded, but the operatives in American mills are subjected to a ruinous competition.

The sweeping reductions in the duties on imported goods in the textile lines have greatly increased the importations of that class of goods and the frauds have increased proportionately with greater rapidity even than the importations.

The Republican plan was to place a specific duty on foreign goods, there should be no room for fraud in the Tariff. The Democratic plan is to place an ad valorem duty on foreign goods, and as a result there is just now a rocking scandal in the New York Custom-house, because of the undervaluation of goods, resulting in immense frauds upon the Government and the consequent enrichment of the rascals who are in authority there.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies.

Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube gets obstructed you have either a hearing or infected head, and when it becomes obstructed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, bearing will be lost forever; in most cases ten feet are caused by a cataract, which causes an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by ear, that cannot be cured by Hall's Catarrh Cure Send for circulars, free.

By MATTHEW G. LEWIS.

Mr. Lewis was a member of the British Parliament for 20 years, and became so popular in England a hundred years ago that it gained him the title of "Monk Lewis."

It is a piece of classic composition and after being out of print for many years has been republished from the original copy.

THIRD DAY

Of the Great Christian Endeavor Convention.

The Usual Morning Prayer Meetings Were Held in the Churches.

Rev. H. F. Shupe, of Dayton, O., President at Previous Session, gave a presentation to the Syracuse Union for Best Work in Promoting Christian Citizenship.

BOSTON, July 15.—The third full day of the great Christian Endeavor Convention opened with the same fair sky and cool atmosphere which characterized its predecessors. The usual early morning prayer meetings were held from 7 to 7:30 a.m. Rev. H. F. Shupe, of Dayton, Ohio, one of the Christian Endeavor trustees, presided, and George C. Stebbins led the usual twenty minutes' private service.

The first formal exercise was the presentation of a banner to the convention representing the best work in promoting Christian citizenship. Rev. G. M. Southgate, of Worcester, Mass., made a happy speech of presentation and handed the flag to the representative of the Syracuse Union, Rev. George Morris, of Massachusetts, who delivered one of his stirring addresses.

After singing, Hon. Neal Dow, of Portland, Me., the veteran prohibition advocate, spoke to the audience.

The address of the morning was then delivered by Bishop Alexander Walcott, D. D., of Jersey City.

At 11 o'clock Rev. W. Wilbur Chapman, D. D., of Albany, addressed a large gathering in Fauniell Hall.

Tent Williston, on Boston Common, was also packed at the opening of the morning session, and Rev. Clark presented the banner to the local union, representing the best work in promoting Christian citizenship.

After singing, Bishop W. A. Arnold, D. D., of Wilberforce, delivered an address on "The Responsibilities and Possibilities of an American Citizen."

The meeting then dissolved, and the audience joined the great crowd at the annual meeting of the Kentucky State Fair.

As vast a concourse as could be crowded beneath the canopy was present in tent Endeavor when Trustees Rev. J. M. Lowden, of Boston, opened the forenoon meeting, and Percy S. Foster, of Washington, D. C., began the afternoon session.

"The voice from North America" was also the feature of the occasion.

Rev. Wm. G. Clarke, D. D., of Chicago, then conducted the afternoon session.

Open the door on the top." "What are you doing for Christian citizenship?" was followed by a repetition of the presentation of a banner to the local union representing the best work in promoting Christian citizenship.

After the closing of the afternoon session, the audience joined the great crowd at the annual meeting of the Kentucky State Fair.

Mr. and Mrs. Edward Young, of Newark, N. J. This great gathering then joined the larger one at the open air meeting grounds.

On Saturday Evening.

CLAY, Ky., July 15.—Two girls named Flora Gedeon and Mary Tomash, who accompanied an excursion from this city to Chippewa lake, were drowned Sunday by the capsizing of a rowboat. The girls went out rowing with their father, Mr. Tomash, who was quite a distance from shore when they tried to exchange places with each other, and the skiff was overturned. Schwartz clung to the boat and was rescued, while his companions sank at once and were recovered.

The girls were cousins.

PHILADELPHIA, July 15.—The first \$100 endowment fund for broadening the scope of the University of Pennsylvania comes on Saturday.

At a meeting of the trustees of the institution, it was announced that a contribution of \$50,000 had been made by Thomas McKean.

This is the second contribution by Mr. McKean to the university, a similar amount having been given within a few months.

War Medal Found.

WASHINGTON, July 15.—A laborer on the farm of Dr. George Brown, a friend of the author, found a gold medal about the size of a \$10 gold piece. On one side is a vignette of Gen. George B. McClellan, encircled with the letters of his name, and on the other side appears the name of Prof. G. Pugh, Company Q, Twelfth Vermont Volunteers. It is supposed that the medal was lost during the late war.

A LYNCHING.

Two Negroes Strung Up By a Mob at Hampton, Ark.

They, Together With a Third Negro, Killed a White Man.

The Mob Surrounded the Jail and Compelled the Sheriff to Deliver Up the Murderers—The Lynchers Made No Effort to Conceal Their Identity.

CAMPDEN, Ark., July 15.—About 12 o'clock Saturday night at Hampton, thirty miles east of here, two Negroes were mobbed by seventy-five men. Two weeks ago a white man named Martin was killed by the Negroes. Two of them were arrested and confined in jail. The mob gathered several nights before, but were persuaded to desist, but it seems that no strength was added to the mob after the arrival of the sheriff the delivery of the murderers. It was useless to resist with but a handful of men, so the keys were delivered to them. The Negroes were secured and directed to a neighboring house where the enraged mob gave them a few minutes for prayer when the ropes were adjusted and two spirits were launched into eternity.

"The mob were not masked and made no effort to cover their identity. All were quiet this morning. It was only a couple of years ago that a race riot occurred in that country. The Negroes outnumbered the whites by far in Calhoun county, and further were elected to office."

Circuit court was in session at the time of the murder, and the Negroes had been arraigned for trial. The main perpetrator had escaped, but the two mobbed Negroes were implicated in the crime. The plan of the proselytizing attorney availed nothing with the men who had assembled to take the law into their own hands.

THE DROUGHT.

What is Happening in Western Minnesota and South Dakota, Indiana and Michigan?

Saint Paul, Minn., July 15.—Reports from half a dozen counties of Western Minnesota and as many more South Dakota border counties are to the effect that there is a protracted drought in which the wheat crop is damaged at least 33 per cent.

Charles E. Pillsbury, the big miller, said Sunday two weeks ago he placed the wheat yield of Minnesota and the Dakotas at 150,000,000 bushels. He now says it will be less if the yield is not more than 115,000,000 bushels, the same last year. Central and southern Minnesota was visited by a heavy rain Sunday afternoon accompanied by a high wind and half some localities.

Wheat Crop Cut by One-third.

Two other brigands were also killed and three captured. The bandits had committed many crimes in that section.

One of the boys died soon after birth, but the remaining three are doing well. Two years ago Mrs. Rankin gave birth to twins, one of which since died.

Killed by Lightning.

PUNTA GORDA, Fla., July 15.—Lightning struck a tent near here in which there were seven persons. George Carter, a young man, was instantly killed and the others knocked senseless. Two of the injured, Messrs. Mansfield and Sillia may not recover. The sight of one of Mansfield's eyes was destroyed.

King Humbert Visits Victoria.

LONDON, July 15.—King Humbert, upon his return from a visit to Queen Victoria, expressing her pleasure at the visit to England of the Italian fleet, has sent her majesty an enthusiastic dispatch thanking her for the reception accorded the squadron by the British naval officers and people.

They Prayed for Rain.

THOMPSONVILLE, Mich., July 15.—In all the churches in this part of the state rain was prayed for. Sunday services needed to be extended to give the forces time to rally the weathering crops, but the sky gives no signs of immediate answer to the petitions of Sunday.

All on Board Drowned.

The Mexico was valued at \$35,000, and carries a large cargo of cattle and merchandise, including the first cold storage consignment of butter from Montreal. The crew was saved.

Dawson Lifted High in the Air and Dashed to Pieces—A Little Girl Was Killed.

GRAFTON, N.D., July 15.—A cyclone struck the farm of O. D. Nelson, six miles northeast, at 4:45 Sunday afternoon. It lifted the dwelling up into the air, whirligig and dashed it to pieces, killing two persons in the house.

A 12-year-old girl named Peters was fatally hurt.

Mr. Nelson and several of his children were in Grafton attending church.

Three miles southeast a farmer named Kildahl was plowing and took a fall.

Of his house, and there is undoubtedly more damage done. The twister was plainly seen from Grafton and seemed to be taking a southeast course, at one time coming directly toward Grafton, but then turning west and may have crossed the Red river.

An eye witness says: "The house was lifted twenty feet into the air, leaving the floor and occupants and the second whirl swept the people out. This accounts for their escape."

East of here reports come in that the grain crop is badly damaged.

Duel Between a Young Man and His Brother-in-Law.

NEW YORK, July 15.—A Recorder special from Amory, Miss., says: "Denton Odell, a prominent young merchant of Chulahoma, Miss., and Miss Grace Odell, his society belle, were married just two weeks ago, but though now in love, are making their home with Mrs. Jeffries, the bride's mother.

On Sunday Mrs. Jeffries left for the New York Herald from Havana, says: "There has been an important engagement of the son of Mr. and Mrs. Odell and a woman at Elizabethtown, one daughter from Remedios, Capt. Gonzales, Lopez, and Segret Morales were shot and killed. The enemy suffered heavy loss."

BIG PROFITS Small Investments.

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation

originated by us. All successful speculators operate on a regular system.

It is a well known fact that the men who by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$500,000.00.

It is also a fact that those who make the largest profits from comparatively small investments, are those who have learned to thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides so that we are not liable to loss, and it brings a steady profit that piles up enormously in a short time.

We have for CONVINCING PROOF, also our Manual on success in speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our Manual explains margin trading fully. Highest references in regard to our standing and success.
